

## DESIGNATION OF OPERATOR

The undersigned is, on the records of the Bureau of Land Management, holder of lease

DISTRICT LAND OFFICE: Salt Lake City  
SERIAL No.: ML-29193

and hereby designates

NAME: F-L Energy  
ADDRESS: 2020 East 3300 South, Suite 23  
Salt Lake City, Utah 84109

as his operator and local agent, with full authority to act in his behalf in complying with the terms of the lease and regulations applicable thereto and on whom the supervisor or his representative may serve written or oral instructions in securing compliance with the Operating Regulations with respect to (describe acreage to which this designation is applicable):

T17S, R8E, SE $\frac{1}{4}$ SE $\frac{1}{4}$ , Section 16

It is understood that this designation of operator does not relieve the lessee of responsibility for compliance with the terms of the lease and the Operating Regulations. It is also understood that this designation of operator does not constitute an assignment of any interest in the lease.

In case of default on the part of the designated operator, the lessee will make full and prompt compliance with all regulations, lease terms, or orders of the Secretary of the Interior or his representative.

The lessee agrees promptly to notify the supervisor of any change in the designated operator.

*Charles R. Morgan*

23. PROPOSED CASING AND CEMENTING PROGRAM

Size of Hole	Size of Casing	Weight per Foot	Setting Depth	Quantity of Cement
10 3/4"	7" O.D.	28 Lbs.	150'	Circulated to sur.
6 1/2"	4 1/2"	10 1/2 lbs.	3200'	250 Sacks Class H

It is proposed to drill this well to an estimated 3200' or 100' into the Tununk Shale in order to fully penetrate and test the Ferron Member of the Mancos Formation. It is not planned to conduct any coring or drill-stem testing. However, a full suite of open hole logs will be ran upon reaching T.D.. It is Planned to drill this well from underneath surface pipe to T.D. using air as a circulating medium. Conventional B.O.P. equipment will be used.

RE: Well No. Sun State #161-1  
SESE Sec. 16, T.17S, R.8E  
Emery County, Utah

Gentlemen:

Insofar as this office is concerned, approval to drill the above referred to oil/gas well is hereby granted in accordance with Rule C-3(b), General Rules and Regulations and Rules of Practice and Procedure.

Should you determine that it will be necessary to plug and abandon this well, you are hereby requested to immediately notify the following:

RONALD J. FIRTH - Engineer  
Office: 533-5771  
Home: 571-6068

OR

CLEON B. FEIGHT - Director  
Office: 533-5771  
Home: 466-4455

Enclosed please find Form OGC-8-X, which is to be completed whether or not water sands (aquifers) are encountered during drilling. Your cooperation in completing this form will be appreciated.

Further, it is requested that this Division be notified within 24 hours after drilling operations commence, and that the drilling contractor and rig number be identified.

The API number assigned to this well is 43-015-30130.

Sincerely,

Norman C. Stout  
Administrative Assistant

Re: See attached page

Gentlemen:

Our records indicate that you have not filed the monthly drilling reports for the months indicated above on the subject wells.

Rule C-22, General Rules and Regulations and Rules of Practice and Procedure, requires that said reports be filed on or before the sixteenth (16) day of the succeeding month. This report may be filed on Form OGC-1B, (U.S. Geological Survey Form 9-331) "Sundry Notices and Reports on Wells", or on company forms containing substantially the same information. We are enclosing forms for your convenience.

We will be happy to acknowledge receipt of response to this notice if you will include an extra copy of the transmittal letter with a place for our signature, and a self addressed envelope for the return. Such acknowledgement should avoid unnecessary mailing of a second notice from our agency.

Your prompt attention to the above will be greatly appreciated.

Respectfully,

DIVISION OF OIL, GAS AND MINING

Emery County, Utah - API #43-015-30130

Our records indicate that you have not filed drilling reports for the months of May to present on the above referenced well. Our rules and regulations stipulate that these reports be filed by the sixteenth of each month until the well is completed.

Enclosed are forms for your convenience in filing the necessary reports as soon as possible but no later than August 6, 1985.

Thank you for your cooperation in this matter.

Sincerely,

Pam Kenna  
Well Records Specialist

Gentlemen:

RE: Cancellation and Cleanup of Well Locations on State of Utah Mineral  
Leases ML 29192 and ML 29193

Our Accounting Section has informed us that due to non-payment of 1986 rentals, ML 29192 and ML 29193 were cancelled February 24, 1986. A recent field inspection of these leases showed two locations which must be properly plugged and abandoned before the files on these leases can be properly closed.

Sun State #1-32: This location in the NE $\frac{1}{4}$ NW $\frac{1}{4}$  of Section 32, T15S, R9E, SLB&M., covered under ML 29192, was approved by the Division of Oil, Gas, and Mining on December 31, 1982. The records of the Division of Oil, Gas, and Mining indicate this well was never drilled; however, a recent inspection showed access road, location, and approximately six inches of well casing protruding from the surface of the ground. This well needs to be properly plugged and abandoned with location and access road cleaned up and reclaimed.

Sun State #161-1: This location in the SE $\frac{1}{4}$ SE $\frac{1}{4}$  Section 16, T17S, R8E, SLB&M., covered under ML 29193, was approved by the Division of Oil, Gas, and Mining on September 24, 1982. Our records indicate this well was never drilled; however, a recent inspection showed access road and location pad had been built. This location and access road need to be properly cleaned up and reclaimed.

You are hereby advised that unless substantial progress has been made within the next thirty (30) days to plug, abandon, and properly reclaim the above

F L Energy Corporation

Gentlemen:

Re: Well No. Sun State 161-1 - Sec. 16, T. 17S., R. 8E.,  
Grand County Utah - API #43-015-30130

A records review indicates that no required reports for the referenced well have been filed since August, 1985. Monthly drilling reports must be submitted to account for the time between spudding and well completion.

Rule 312 of the Oil and Gas Conservation General Rules requires that Form DOGM-3 "Well Completion or Recompletion Report and Log" or copy of the equivalent federal form, along with copies of logs and tests run, be filed with this office not later than 90 days after suspended drilling operations.

Please submit the required drilling reports and Well Completion Report, including copies of logs and tests which may have been run on the referenced well, not later than May 4, 1986. Address the required response to:

Utah Division of Oil, Gas and Mining

RE: Proposed Extension of Time to Cleanup Well Sites on Utah Mineral Leases  
ML 29192 and ML 29193

Dear Mr. Prince:

My client, F. L. Engery Corporation has forwarded to me, for response a copy of letter dated April 7, 1986 from Mr. Edward Bonner to F-L Energy Corporation.

The aforementioned letter requests F-L Energy Corporation clean up two (2) well locations located on ML 29192 and ML 29193 within thirty (30) days. The necessary work to be done on these respective sites is stated.

Please be advised that my client shall comply with the request by the Division of State Lands and Forestry. We would, however, appreciate being given an extension of time in which to do the site clean-up.

F-L has recently gone through some difficult times. Patrick Driscoll, the petroleum engineer for F-L Energy passed away in August 1985 after a fairly lengthy illness. The corporation has also undergone some economic set backs which are accountable, partially, to the recent down trends in the industry.

F-L Energy has some work scheduled for later this summer on sites near the Sun State 1-32 well and the Sun State 161-1 well. It would be logistically easier and less expensive if we had only to rent equipment and crews for one period of time and do all the projected work at one time.

Please notify me if an extension of time is possible. I appreciate your consideration of this request.

Very truly yours,

  
Carolyn L. Driscoll

RE: Proposed Extension of time until July 31, 1986 to clean  
up Well Sites on Utah Mineral Leases ML 29192 and ML 29193

Dear Mr. Prince:

Pursuant to a telephone conversation on April 24, 1986 with Mr. Ed Bonner of your staff I have contacted F-L Energy Corporation to discuss the time when other projects will necessitate field work in Emery County, Utah and enable them to do the requested site clean up on the Sun State 1-32 well and the Sun State 161-1 well.

My client informs me their projects are scheduled to commence in the latter part of July 1986. Thus, I would propose to you that F-L Energy Corporation be given an extension of time until August 1, 1986 to fully clean - up the previously mentioned well sites.

Please confirm this extension at your convenience either with my client or the undersigned.

Very truly yours,

*Carolyn Driscoll*

Gentlemen:

RE: Approval of Time Extension for Clean-up of Well Locations on State of  
Utah Mineral Leases ML 29192 and ML 29193

Pursuant to correspondence received from Carolyn Driscoll in which a request for an extension of time for completion and reclamation work on the Sun State #1-32 Well and the State #161-1 Well, you are hereby advised that this office has granted an extension of time until August 1, 1986 to fully comply with plugging and abandonment requirements of the Division of Oil, Gas, and Mining, and surface reclamation work as required by the Division of State Lands & Forestry.

If you have any questions concerning this matter, please call this office.

Sincerely,

EDWARD W. BONNER  
MINERAL RESOURCES SPECIALIST

Sun State # 161-1  
Sec. 16, T17S, R3E  
Emery Co., UT

Well is open at surface &  
no location rehab has been  
conducted. State Lands Div.  
has granted Aug. 1 deadline  
of plugging and rehab. We  
can hold off on any action  
until this dead line passes.

Keep well in "drilling"  
status, but do not make any  
requests to operator for further  
records or reports. I feel  
they have provided us with all the  
info they can on this well.

Gentlemen:

43-015-30130

RE: Reclamation Inspection of Well Locations on State of Utah Oil, Gas, and  
Hydrocarbon Leases ML 29192 and ML 29193

By letter of April 7, 1986, you were informed of two well locations on two cancelled State of Utah Oil, Gas, and Hydrocarbon leases which needed plugging and reclamation. On July 31, 1986, we were informed through correspondence received from Carolyn L. Driscoll, that the plugging and reclamation work on these locations had been completed. A recent inspection of these locations showed the Sun State #1-32 well to be properly reclaimed and in good condition; however, the Sun State #161-1 well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$  of Section 16, T17S, R8E, S16E, still consists of open well casing and no indication that reclamation work has yet commenced on this site.

You are hereby advised that unless substantial progress has been made within the next thirty (30) days to plug, abandon, and properly reclaim the Sun State #161-1 well location and access road to this location, this matter will be taken to the Director of the Division of State Lands and Forestry with a recommendation that your bond (Bond #4471291 with Hartford Accident and Indemnity Company as surety) be foreclosed on and payment used for cleanup of drilling operations.

If you have any questions concerning this matter, please call this office.

Sincerely,

EDWARD W. BONNER  
MINERAL RESOURCES SPECIALIST

Norm,

This file is still in drilling.  
Inspection report indicates that well  
is now satisfactorily P & A'd. We  
should change well status now.

-IRB

Norm,  
Please route for P & A  
plus WCR (administration)  
It only went to  
140'.

These actions will  
close out the  
file.
